

Alfen Eve Double PG-line DE

Charging safe and secure according to the latest Eichrecht conformity norms

The Alfen Eve Double PG-line DE meets the latest Eichrecht conformity norms, to offer a safe and secure charging experience for roaming transactions and payment transactions using Girocards. The charger is specifically designed for public locations with a robust housing and a high-quality finish for every application. A large and clear display provides the user with all needed information during the charging process such as charging speed. Complementary status indicators at both outlets ensure a user friendly experience.

ALFEN
POWER TO ADAPT

The charging station

Durability

Besides its sturdy outer casing the grid operator's side is equipped with a concreteplex sheet for shock resistant, fire proof installation of components while preventing conductive filings.

Ease of use

The 7" full-colour display and multiple LED status indicators make the Alfen Eve Double PG-line DE a user-friendly charge point, where the configuration can be changed easily by the installer with our free configuration software.

Eichrecht

The Alfen Eve Double PG-line DE is specifically designed for semi-public and public locations and is fully Eichrecht conform. All users can easily verify their charging data.

Choose your own service provider

All Alfen chargers are SIM-lock free. This gives you the liberty of being able to choose the Service Provider and subscription you prefer.

Smart charging

With its entirely renewed software and hardware, the Alfen Eve Double PG-line DE supports various features such as OCPP 1.6 and OCPP 2.0, smart-charging and Load Balancing.

Direct Payment via Giro-e

Alfen chargers support direct payment for all Girocard users via integrated Giro-e functionalities. Via the full colour display a seamless and Eichrecht conform ad-hoc payment experience is provided on the spot. No Girocard? Charge cards are still allowed.
